<p>POLICY POSITION 1 We should not carry out stem cell research at all. Diseases that are not treatable without it will not be treated.</p>	
<p>POLICY POSITION 2 We should not allow any stem cell research using embryos but other types of stem cell research should continue.</p>	
<p>POLICY POSITION 3 We can use spare embryos less than 14 days old that would otherwise be destroyed for stem cell research.</p>	
<p>POLICY POSITION 4 As well as using spare embryos less than 14 days old we can create embryos specifically to produce stem cells, via IVF or cloning.</p>
